To whom it may concern

I am writing to confirm the participation of Illia Tsyhanenko-Dziubenko, Ph.D. student, Assistant professor of the Earth sciences department (Zhytomyr Polytechnic State University, Ukraine) in the Erasmus+ funded project 2021-2-SK02-KA153-YOU-000038762 "LEAFFF: Leadership, Empowerment And Facilitation For Future" organized by Pospolitost pre harmonicky zivot (PHZ – Society for Harmonious Living) in Slovak Republic for a six days mobility experience from 30/10/2023 to 06/11/2023.

The main objectives of the project were:

- to provide participants with leadership and facilitation skills
- to provide participants with tools to work on sustainability and climate action
- to increase the collaboration between ecovillages, sustainable initiatives and youth organisations.

From Pospolitost pre harmonicky zivot we would like to reward and highlight the brilliant commitment and participation of Illia during this project and we invited you to award 3 ETCS credits for the project achieved.

With kind regards,

Eponine Sels
Project Coordinator
