"The Rhythm of the Life"**

For those who would be interested,

Illia Tsyhanenko-Dziubenko, Ph.D. student (Zhytomyr Polytechnic State University, Ukraine) in representation of the Ukrainian delegation in the project "The Rhythm of the life" organized by Asociación Juvenil Erasmiau with the support of "CIVIC ORGANIZATION DEVELOPMENT CENTER PANGEYA ULTIMA" as sending organization has been in Spain for a ten days mobility experience from 03/10/2023 to 12/10/2023.

"The Rhythm of the Life" is an European project that aims to develop environmental awareness in a diverse group of young people from different nationalities through non-formal education and music as the main tool. This youth exchange is an unique opportunity for young people to explore music as a means of conveying important messages about environmental care and sustainability. With a focus on collaboration, creativity, and diversity, "The Rhythm of Life" hopes to inspire young people to take action and be leaders in the fight for a more sustainable future.

From Asociación Juvenil Erasmiau we would like to reward and highlight the brilliant commitment and participation of IlliA during this project and award it with a total of **6 ETCS** corresponding the **180 hours** of duration that the project has achieved.
