4

Language point

Part A: Match the verbs on the left to the words on the right.

browse**forget****receive****stream****tap on****upload**

1. click on / _____ → **a link**
2. enter / _____ / reset → **a password**
3. log into / _____ → **a website**
4. send / _____ / write / read → **an email**
5. download / _____ / share → **a file**
6. watch / _____ / download → **a video**

Part B: Now complete the questions below. More than one word is possible for each question.

1. How often do you _____ spam emails?
2. How often do you _____ online videos?
3. What kinds of files do you _____ with your friends?
4. Do you sometimes _____ your passwords?
5. Which websites do you _____ every day?
6. Do you _____ links you receive by email?

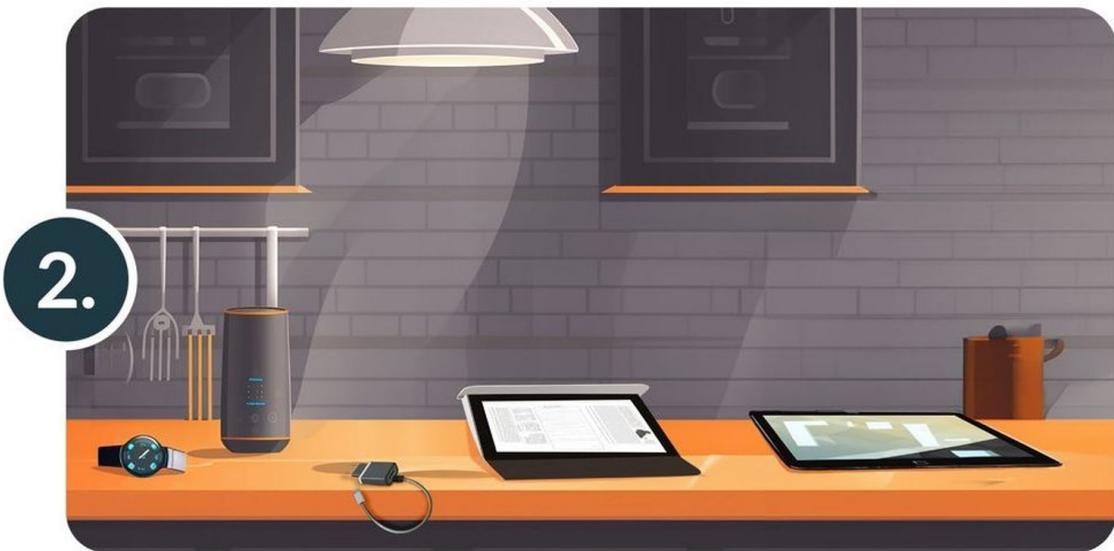

Now, in pairs, ask and answer the questions.

5 Game

In small groups, choose a photo below each and look at it for 30 seconds. Then list all the devices in the photo and answer your group's questions.

6 Speaking

In pairs, write and roleplay a dialogue. You must include:

- Two of the devices from the warm up
- Two of the verbs from Exercise 4

7

Talking point

Rank the devices below from 1 (most important to you) to 8 (least important to you). Then show your list to another student. Explain why these devices are important or not for you.

- a charger
- a keyboard
- a printer
- a tablet
- a smartwatch
- an e-reader
- a smart speaker
- a drone

Alexa: The capital of Canada _____³ Ottawa.

Mikey: Oh, we're _____⁴ wrong then!

Conversation 2

did **me** **What**

1. **Caleb:** ... and then I said ' _____¹ do you mean?'

2. **Anna:** And what _____² he say?

3. **Caleb:** He just ... oh, wait a minute, my phone battery is low. Let _____³ plug it in ... There! So...

Conversation 3

for **looks** **many**

1. **Patricia:** That _____¹ nice!

2. **Mark:** Yeah, I got it _____² my birthday. I run with it and it tells me how _____³ kilometres I've done, and how my heart is, that type of thing.

9

Extension activity 2

Read about how Josh uses his smartphone. Tick the uses that he mentions. Then say how you use your smartphone.

I never leave home without my smartphone. I use it every day to make phone calls and send text messages. But it can do much more. When I'm driving, I use it as a GPS and I never get lost. I just enter the address of the place that I want to get to, tap the phone and that's it! The app tells me when to turn left or right or go straight ahead.

It's also really helpful when I'm travelling. I can use it to take pictures and even book hotels. And I have a weather app. So, if I want to go to the beach, I can check the weather before. I also use my smartphone for entertainment. For example, I can read eBooks and watch videos on it. If I'm on the train or just lying in bed, I often search for interesting videos with my YouTube app.

So, what else? Oh yes... I study English with it a lot. There's a great website called Linguahouse. I love practising my vocabulary with them. Also, I keep a lot of important information in the device like phone numbers, emails, and even bank details. Basically, I can't live without my smartphone.

1. making phone calls
2. listening to music
3. sending text messages
4. GPS navigation
5. checking the weather
6. following the news
7. reading eBooks
8. watching videos
9. book hotels
10. taking pictures
11. playing games
12. keeping important information
